Miss Patricia A Ivins
Radio Station WCSR
Smith College
10 Prospect Street
Northampton, Mass.

Dear Miss Ivins:

Thank you very much for your letter of October 18th in answer to my letter for a request for a verification of reception of your station.

I am writing you again, in hopes that I may be able to obtain a letter verifying this reception, giving the time date frequency and power used by your station. You see this is a hobbie with many of us, and I would like to use your station's verification of reception in a contest conducted by our radio club. I am enclosing a carbon copy of the report I sent your station, in case you may not have my original request.

I would like to add also WCSR is being heard here during the week well, and programs are enjoyed.

I remain,

Thanking you kindly for your time,

Sincerely yours,

Edward L. Lendzioszek
